

KEEPING CONNECTED

As young people in our congregation graduate and move on to work opportunities or college, we are often asked about them and what they are doing. Our church family would like to stay connected with our young adults just as we did throughout their “growing up” years.

Young adults (ages 18-30) will have an opportunity to catch us up on their lives through this little questionnaire and we will also be putting it on Facebook. Be as concise or as wordy as you like! We’ll put updates in the coming newsletters as we hear from you. We care about you, are thinking about you, and we would like to hear about your journeys in life so far!
